This woman was admitted into Jail as an undertrial prisoner on the 28th July 1899 and was sentenced to 3 years Rig: dupl: & a fine of Rs 50 on the 9th August 1899 she was under different state of health and in a weak & anamic condition and suffering from Syphilis. She was medicated in the Hospital from 28th July 1899 to 15th November 1899 for Anaemia & from 14th December 1899 to 1st January 1898 for Ague, & on the 24th November 1899, there appeared a tumour in the right breast for which she has been

Continuously

Condemnedly made a Lead man of.
From the time the tumour was recognized to be one of Cancer she was being advised to get the same removed. Monday after Monday and before the ulcerated condition Cancer on the neck advised to get an operation performed in view to the removal of the tumour. She pertinaciously refused & now the Cancer has ulcerated & the glands in the vicinity are indurated. She is in a poorly state & now says that if she is liberated from the Jail she would get her only operated upon in the General Hospital.

Considering that she has, after making due allowances for marks entitling her for remission, only to put in 3 more months to complete her term of imprisonment & that she is in a very indifferent state of health & may be cured if one operation be performed, and may live for some time more. I recommend her to the grace of the Government for her release under Section 579 Jail Manual as amended by Notification No 4 P.C. 160 dated Camp. Mysore. 16th April 1896.

Letter No. 570 dated the 14th March 1900 from the Inspector General of Prisons in Mysore recommending the release on medical grounds of prisoner Cheinamah (No. 4030) confined in the Mysore jail under a sentence of 3 years' rigorous imprisonment for having committed an offence under sec 411, I.P. Code.

Order thereon. No. A dated 16/3/1900

On a perusal of the papers received with the above, the Government of Mysore are pleased, under the provisions of section 401 of the Code of Criminal Procedure, to remit the unexpired portion

portion of the sentence of imprisonment passed upon prisoner Shanmamah (No. 4030) and to direct her immediate release. Govt observe that the Prisoner's persistent refusal to submit to the operation suggested in connection to the present disease, as the ~~to the first breast, as the~~ Secretary. deems to have been aggravated that infirmity which forms the ground of the present recommendation for her release; and that, such being the case, the first portion of the certificate by the Civil & Medical Officer Mysore fail that the infirmity which forms the ground of application for release of Prisoner No. 4030 Chennamma has not in any way been produced or aggravated by any wilful act on the part of the Prisoner" does not seem to be quite correct —
